Manitoulin Transport Limited,

02406

Gore Bay, Ontario.

IN THE MATTER OF *The Public Commercial Vehicles Act*, R.S.O. 1970, Chapter 375; and

IN THE MATTER OF *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316; and

IN THE MATTER OF an application by Manitoulin Transport Limited for an extension to public commercial vehicle operating authority No. A-400; and

IN THE MATTER OF Reasons for Decision and Certificate dated January 27th, 1977 as amended February 24th, 1977, issued by the Ontario Highway Transport Board.

NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, Manitoulin Transport Limited intends to move the Ontario Highway Transport Board (the "Board") on a date to be fixed by the Chairman of the said Board for an Order directing:

Published by the Ministry of Government Services
Printed by J. C. Thatcher, Queen's Printer for Ontario
Postage paid in cash at Third Class Rate, Permit No. C-67

- (a) a review of its Certificate dated January 27th, 1977, or in the alternative;
- (b) a rehearing either in whole or in part of the application of Manitoulin Transport Limited resulting in the aforesaid Certificate, and/or in the alternative;
- (c) permission to introduce new evidence to clarify specific issues raised in the aforesaid Reasons for Decision.

AND FOR AN ORDER directing the foregoing matters to heard either by:

- (a) a new panel of the Board which had heretofore not been seized with said application or in the alternative,
- (b) a panel composed of the original Sitting Panel composed of the learned members, namely, Vernon H. Page and J. A. Wardrop, and such other member or members of the Board as may be appointed by the Chairman of the Board to sit with the aforesaid members in a consultative capacity only, pursuant to Section 18(b) (1) (a) of *The Ontario Highway Transport Board Act*; or in the alternative,
- (c) the original learned panel of said Board seized with said application on the following grounds:

The learned panel erred as follows:

- (a) in comparing the effect of a short-term rate subsidy program initiated by and paid for by the Province of Ontario, on the one hand, with the proposal of the applicant, without government subsidy to reduce transportation rates between southern Ontario and northeastern Ontario to a level comparable to rates offered for equal miles in southern Ontario;
- (b) the conclusion of said learned panel that "any rate reduction would benefit supplier's and wholesalers and not be passed on to the consumers" is not supported by the evidence and denies to suppliers, wholesalers, retailers and consumers in northeastern Ontario the opportunity offered by the applicant of equal rates for equal miles;
- (c) in failing to recognize the importance to the public in northeastern Ontario (whether the public be at the supplier, wholesaler, retailer or consumer level and whether rate savings stop at any one of the market levels above referred to) of an opportunity of sharing in rate levels available to the same classes of consumers in southern Ontario;
- (d) in failing to recognize the basic right of any region of the Province of Ontario in a free enterprise economy to the opportunity of equal rates for equal miles;
- (e) in failing to attach sufficient probative weight to the legitimate concerns of elected and appointed officials from northeastern Ontario that rate savings offered by the applicant be made available to the public in northeastern Ontario;
- (f) the learned panel in determining public necessity and convenience appears to establish different standards for the public in southern Ontario, on the one hand, than for the public in northeastern Ontario in finding that "branch offices at Sudbury are entitled to competitive, efficient transportation services to northeastern Ontario" and yet branch offices in northeastern Ontario are not entitled to similar competitive, efficient services on traffic moving between southern Ontario and northeastern Ontario;
- (g) in its failure to recognize a well established principle in transportation of the importance of volume to a common carrier in providing a competitive service by restricting the applicant from accepting transfer traffic from either itself or other common carriers at Sudbury;
- (h) in its failure to recognize the importance of efficiency to a common carrier by neglecting to permit the applicant to use the shortest possible means of connecting Sudbury with Temagami and points north of Temagami on Highway 11 and forcing the applicant to use the longest possible route in effecting this service;
- (i) in failing to attach adequate weight to the evidence of the shipping public on failure of service between southern Ontario and northeastern Ontario on the face of the total failure of the two main respondents, Star Transfer Limited and Dominion-Consolidated Truck Lines Limited, to lead rebuttal evidence of service offered by their respective companies;
- (j) in concluding "there is sufficient competition" in the light of the failure of existing licensees in northeastern Ontario to offer equal rates for equal miles and in the light of the commitment by the applicant to offer reduced freight rates and vastly improved service to northeastern Ontario;
- (k) in its failure to consider the public interest in the face of a finding of fact of potential rate savings of 15% to 20% over prevailing rates;

(i) in its statement "there was no commitment that if Manitoulin were licensed that the rate differential would remain the same or there would be increases" for the following reasons:

- (i) the foregoing statement presumes that all rates are static;
- (ii) said statement ignores and is inconsistent with the following findings of fact by said learned panel; "The purpose of the application was that Manitoulin is prepared to offer not only a service improvement to points in northern Ontario, but also a rate structure which is less than that which now prevails in northern Ontario but which is comparable to rate structures on traffic moving over similar distances in southern Ontario;

and further "... the proposed rate structure they would initiate if granted a licence, showing 15% to 20% saving over the prevailing rates charged by Star, Dominion and other licensed carriers moving southern Ontario to points in northern Ontario";

and further "Manitoulin proposes to apply the Ontario Grouping tariff for similar mileage between points in southern Ontario and northern Ontario which under prevailing rates would mean anywhere from 15% to 20% saving to the users of the service";

and further "In the present application, the Board is of the opinion that the proposed rates under the Ontario Grouping Tariff No. 1 as outlined in Exhibits 3A to 3H even with Section 7 of that tariff that is known as the Exception List, which changed the rates slightly for certain commodities on the list and are less than the present Class Rate charged by both Star and Dominion in many categories and were equal to the express rates into the area";

- (iii) it ignores the statement by both Star Transfer Limited and Dominion-Consolidated Truck Lines Limited that they would meet the proposed rates by Manitoulin Transport Limited;

- (iv) said statement ignores the findings of the learned panel that the applicant's proposal is "equal rates for equal miles competitive with similar rate levels in southern Ontario".

AND TAKE NOTICE that in support of this Notice of Motion will be read the Reasons for Decision, excerpts from the transcripts in said proceedings, exhibits filed with the Ontario Highway Transport Board, argument by counsel on behalf of the applicant and such further and other material as counsel may advise and this Honourable Board may permit.

Dated at Sudbury, this 11th day of March, A.D. 1977.

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

IN THE MATTER OF *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316; and

IN THE MATTER OF an application by Commercial Construction (Woodstock) Limited for Class 'C' and Class 'T' extensions to public commercial

vehicle operating licence No. C-629 heard by the Ontario Highway Transport Board commencing January 10th, 1977 and resulting in Certificate dated January 27th, 1977 as issued by said Board.

NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, Commercial Construction (Woodstock) Limited intends to move the Ontario Highway Transport Board on a date to be fixed by the Chairman of the said Board for an Order directing a rehearing of said application for Class 'C' and Class 'T' privileges at Elliot Lake before a different Panel of the Board than that which heard the foregoing application on the following grounds:

The Sitting Panel of the Board erred as follows:

- (a) in failing to give sufficient weight to the evidence in support of the Applicant that:
 - (i) the Town of Elliot Lake will increase in population from approximately 10,000 persons to 25,000 persons within approximately five years;
 - (ii) the two major uranium producers at Elliot Lake will substantially increase plant capacity by the investment of many millions of dollars over the next five years;
 - (iii) there will be a dramatic increase in the volumes of inbound raw materials and outbound finished goods moving to and from Elliot Lake;
 - (iv) there is no locally based Class 'C' or Class 'T' carrier at or near Elliot Lake;
 - (v) the Applicant has the only fully equipped combined freight and bulk commodity terminal located at or near Elliot Lake,
- (b) in not attaching sufficient weight to:
 - (i) the withdrawal of the sole Class 'C' carrier in the Province of Ontario licensed at Elliot Lake, namely C.T. Transport Limited;
 - (ii) the legitimate concern of the community of Elliot Lake and industry based both at Elliot Lake and outside Elliot Lake for the availability of a locally based Class 'C' and Class 'T' carrier to meet the expanded transportation requirements of the community;

- (iii) the evidence of Denison Mines Limited and its trucking subsidiary, Uranium Truck Lines Limited, in support of the Applicant.

AND TAKE NOTICE that in support of this Notice of Motion will be heard argument by Counsel on behalf of the Applicant and such further and other material as counsel may advise and this Honourable Board may permit.

Dated at Toronto, this 1st day of April, 1977.

To ENACT:

A By-law to Change Street Names

WHEREAS paragraph 97 of subsection 1 of section 354 of *The Municipal Act*, R.S.O. 1970, Chapter 284 does provide that a municipality may by by-law change the names of highways and shall state the reason therefor.

NOW THEREFORE the Council of The Corporation of the City of Hamilton enacts as follows:

1. The names of the following highways shall be changed as follows for the reason set forth:

- (a) From Roanoke Road to Roanoke Place, that part of Roanoke Road extending easterly from Paradise Road, *for the reason* that the part of Roanoke Road mentioned is on a different alignment to that part of Roanoke Road extending westerly from Paradise Road and is therefore operating as a separate highway;
- (b) From Rifle Range Lane to Rifle Range Road, all of Rifle Range Lane extending south from Iona Avenue, *for the reason* that Rifle Range Lane is operating as an extension of Rifle Range Road;
- (c) From Avondale Avenue to Avondale Street, that part of Avondale Avenue extending north from Primrose Avenue for a distance of approximately 94.25 feet, *for the reason* that part of Avondale Street was erroneously named Avondale Avenue and is operating as a part of Avondale Street;
- (d) From Loconder Street to Loconder Drive, all of Loconder Street extending east of Rexford Drive, *for the reason* that the part of Loconder Street mentioned is operating as an extension of Loconder Drive;
- (e) From Folkstone Avenue to Folkestone Avenue, all of Folkstone Avenue extending west from Lawson Street, *for the reason* that Folkestone Avenue was incorrectly spelled Folkstone Avenue;
- (f) From Dunsmuir Road to Vittorito Avenue, all of Dunsmuir Road extending from the eastern City Limits westerly for a distance of approximately 1200 feet, *for the reason* that this will eliminate confusion with "Dunsmure Road" located further to the west;

NOTICE OF MOTION

TAKE NOTICE that the Applicants herewith will move the Ontario Highway Transport Board, pursuant to Section 17 of *The Ontario Highway Transport Board Act*, for an Order:

- (i) revoking its Order dated January 14th, 1977;
- (ii) directing a reopening of the proceedings before Vice-Chairman G. C. Marrs and Member E. A. Winkler for the purpose of hearing additional evidence and reargument;

If the Board referred to or established a new policy in this respect the applicants seek leave to demonstrate, by way of additional evidence, their ability and willingness to comply.

In support of the Motion the applicants will rely upon the affidavit of Gordon Young, dated the 9th day of March, 1977, the Order and Decision re

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

TOWN OF DRYDEN, DISTRICT OF KENORA

To Wit:

BY VIRTUE OF A WARRANT issued by the Mayor under the seal of the Corporation of the Town of Dryden bearing date the 13th day of April, 1977, commanding me to levy upon and sell the lands mentioned in the following list for arrears of taxes and costs thereon, I hereby give notice that, unless such arrears of taxes and costs are sooner paid I shall, pursuant to the provisions of *The Municipal Act*, proceed to sell by public auction the said lands, or as much thereof as may be necessary for the payment of said taxes, at the Council Chambers, 30 Van Horne Avenue, Dryden, Ontario, on the 9th day of August, 1977, at the hour of 2.30 o'clock in the afternoon.

Frederick Transport Limited, 08718
R.R. #6,
Chatham, Ontario,

IN THE MATTER OF *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316; and

IN THE MATTER OF the *Motor Vehicle Transport Act*, R.S.C. 1970, Chapter M-14; and

IN THE MATTER OF a certain application by Frederick Transport Limited for extra-provincial licence authority.

NOTICE OF MOTION

TAKE NOTICE that Tajon Inc. and Laidlaw Transport Limited intend to move the Ontario Highway Transport Board on a date to be fixed by the Board for an Order pursuant to Section 7 of *The Ontario Highway Transport Board Act* directing the rehearing by way of argument only of the application of Frederick Transport Limited heard by a panel of the Board consisting of E. A. Winkler, Esq., and leading to the Board's Decision and Certificate of Public Convenience and Necessity

dated the 11th day of March, 1977, upon the following grounds:

1. The Board's decision contains no finding of fact that the shipping public or any of them require a service in transit through Ontario to and from Quebec to and from points in the United States of America for dry edible commodities in bulk in dump-vehicles, nor was there any such evidence tendered by any of the public witnesses called by the applicant and accordingly the Board erred in certifying the applicant generally so as to permit it to carry dry edible commodities in bulk in transit through Ontario between points in Quebec and points in the United States of America.
2. There was one witness only, Witness No. 6, who gave any evidence whatever about any movement between points in the United States of America and points in Quebec moving or to move in transit through Ontario. The Board makes no finding of fact as to the inability of this shipper to obtain dump-vehicles as required for the movement of its non-edible traffic between Quebec and the United States of America in transit through Ontario, nor was there any such evidence, and accordingly the Board erred in certifying the Applicant at all for the movement of dry bulk commodities in transit through Ontario between points in Quebec and points in the United States of America.
3. The Board's decision contains no finding of fact that to the extent of its licence authority (substantially confined, by reason of its ICC certificate, to non-edible industrial commodities) that Tajon Inc., together with its principal licences competitor, Laidlaw Transport Limited, was not providing the shipping public requiring the movement of non-edible commodities in dump-vehicles with a satisfactory service, nor was there any evidence that Tajon Inc. and Laidlaw Transport Limited did not have sufficient equipment to meet the present demands or reasonably foreseeable future demands of the shipping public requiring a service for the transportation of non-edible commodities in bulk in dump-vehicles between points in Ontario and points in the United States of America. To the contrary, the Board found that Tajon Inc. "grew as a result of being efficient in another field" (clearly a reference to non-edible commodities) and accordingly the Board erred in finding at least as it relates to the movement of non-edible commodities requiring dump-vehicles, that the existing licensees, Tajon Inc. and Laidlaw Transport Limited, could not supply the vehicular equipment required to move such non-edible commodities, or meet the demands for service of the public requiring dump-vehicles for the carriage of dry non-edible commodities, and in certifying the Applicant generally so that it could carry both edible and non-

edible commodities in bulk in dump-vehicles between Ontario and the United States of America.

IN THE MATTER OF the Notice of Motion on behalf of Vagabond Leasehold Inc., Gary Addison Enterprises Limited, J. M. Finnegan Cartage Limited and Clyden Sales Limited; and

IN THE MATTER OF the Decision and Order of the Ontario Highway Transport Board dated January 14th, 1977.

- (i) revoking its Order dated January 14th, 1977;
- (ii) directing a reopening of the proceedings before Vice-Chairman G. C. Marrs and Member E. A. Winkler for the purpose of hearing additional evidence and reargument;

on the grounds that the Reasons for Decision dated January 14th, 1977, contain the following passage:

"... the evidence presented, did not satisfy the requirements of knowledge of goods being shipped, leaving in doubt fullest protection of the public, therefore has not met the test of public necessity and convenience".

which suggests a statutory or policy requirement that a licence carrier may not:

- (i) rely upon a shipper's assurance that freight tendered is as described on the bill of lading; and
- (ii) contractually exclude liability for damage caused by the shipper's loading and packing.

If the Board referred to or established a new policy in this respect the Applicants seek leave to demonstrate, by way of additional evidence, their ability and willingness to comply.

In support of the Motion the Applicants will rely upon the affidavit of Gordon Young, dated the 9th

day of March, 1977, the Order and Decision re Vagabond Leasehold Inc. et al (dated January 14th, 1977) and such other material as counsel may advise.

IN THE MATTER OF the Ontario Highway Transport Board's Certificate, dated March 22nd, 1977.

NOTICE OF MOTION

TAKE NOTICE that an application will be made on behalf of the Respondent before the Ontario Highway Transport Board at its Chambers in Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, M5S 2T5, on such day and at such time as the Board may direct for an Order directing a review of the decision of R. Rothwell, Esquire, dated March 22nd, 1977 and directing a rehearing of the said application either by way of argument only or by way of a hearing de nova on the following grounds:

- (a) The decision of the learned presiding Member was against the evidence and the weight of the evidence;
- (b) there was no evidence that the existing licenced carriers were unable or unwilling to provide satisfactory service into the extended commercial zone for the shipper witnesses who gave evidence;
- (c) there was evidence that the shipper knew of the availability of some of the Respondents who were and are providing a service into the extended commercial zone for other shippers in the area, and had merely chosen not to use these carriers' service;
- (d) all of the shippers were using CNX and CPX into the extended commercial zone and had no experience with licenced suburban carriers;
- (e) there was no evidence that any of the shippers who complained of "congestion" at their loading facilities had any experience upon which to make such a claim and such unsupported testimony ought not to have been relied on by the learned presiding Member as the basis of his decision;
- (f) the learned presiding Member erred in granting a certificate authorizing the issuance of a Class 'A' public commercial vehicle operating licence to a carrier who does not operate a dispatch, but has chosen to serve a selected number of shippers on a daily basis in that a Class 'A' operating licence will enable the Applicant to conduct an operation considerably more extensive than the Applicant's current *Modus Operandi* will permit and the evidence in fact supported; and
- (g) upon such further and other grounds as Counsel may advise.

AND TAKE NOTICE that in support of the Motion, the original application will be read, the proceedings and the exhibits filed herein will be referred to and such further and other material as Counsel may advise and the Board permit will be referred to or read.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.
